BRIGHT CORP. JUST GOT BRIGHTER

WELCOME

Over 23 years ago, in the small town of Griffith, Indiana, we founded a company that would soon revolutionize the funeral industry. It was named after my mother, Faye Beryl, and our son, Walker Martin. Unfortunately, they never got to meet here on earth. BerylMartin is that company.

Bright Corporation, founded in Anderson, Indiana, joined our family of brands two years ago. The Bowser family, who owned and operated Bright Corporation, gave us their trust in continuing to serve their thousands of satisfied funeral directors! We are excited to present and build upon Bright Corporation's beautiful line of funeral supply and stationery products.

BerylMartin and Bright Corporation are dedicated to helping you serve your families by providing the highest quality in memorial printing and funeral supplies. We are pleased to continue to introduce BerylMartin Partners to provide you with unique urns, caskets, and other innovative products to add value to your service.

Bright Corp. just got brighter!

Always at your service,
Frank and Susan Brummett

HOW TO ORDER

VIA OUR WEBSITE

If you do not have a website account with Bright Corporation already, our customer service representatives will be happy to walk you through the process of creating an account. Once logged in, you will be able to view all our available products and pricing. Simply add your items to your cart and fill out any necessary item specifics. You can choose to pay at the time of ordering via credit card, debit card, or PayPal, or you can apply to bill on account. You will immediately receive an order confirmation email upon submission of your order.

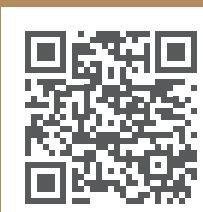

VIA EMAIL

Orders can also be submitted via email to info@brightcorporation.com. Include your funeral home name, SKU or item names, quantities, shipping address, and any special instructions. You will receive an order confirmation email after your order has been processed.

BY PHONE

We are available from 8:30AM-5:30PM CST via our main line (219) 922-8935. Our customer service representatives are ready and glad to take your call! We will confirm your item preferences, shipping and billing addresses, email, items ordered, and quantities to ensure that your order arrives to you exactly how you want it. You will receive an order confirmation email after your order is processed to give you a chance to check that your order looks correct.

Window Frame Guest Books

OUR MOST VERSATILE BOOK!

Our Window Frame Register Books are made to be as individual as the person you are honoring.

The book is made of a leather-like cover with a simple gold foil embossing. It is available in two colors: rich maroon or elegant white.

The interior pages have a beautiful gold foil heading with an additional page to cater to specific family religious custom.

Our standard-size memorial folder will easily slip right into the front transparent window, keeping the theme of the family's chosen stationery.

In addition, we have a library of cover inserts available upon request at the time of your order. It's never been easier to meet all your families' needs.

One style... many custom looks!

CLEAR VIEW CASKETS

Healing begins with a Clear View Casket

Our philosophy.

Clear View Caskets was founded by husband and wife, Rangel and Andrea Fernandez, with the desire to offer a revolutionary way to view the passing of a loved one.

"We created a final resting place, where you can truly see your loved one for the last time and lay them to rest in a casket that is like no other, more than a casket, a piece of art."

-Andrea Fernandez,
Co-Founder

A new standard.

Quality caskets are not found easily. Historically a few brands lead the industry proudly, therefore, our respect is given to those companies which is where we aim our own expectations in quality and standards. We remain a humble apprentice with high ambition to learn and give back the industry something to be proud of.

Made in the USA.

Our team holds a deep passion for their work and their attention to detail makes them worthy of a brand they can call their own. Today, our team is composed of professional engineers, designers, and craftsmen who build and operate sophisticated, custom equipment that allow our company to excel in its mission, to deliver a quality product.
